

United States military flyer dropped over Afghanistan

~

"Do you enjoy being ruled by the Taliban? Are you proud to live a life of fear? Are you happy to see the place your family has owned for generations a terrorist training site? Do you want a regime that is turning Afghanistan into the Stone Age and giving Islam a bad name? Are you proud to live under a government that harbors terrorists? Are you proud to live in a nation ruled by extreme fundamentalists?"

The Taliban have robbed your country of your culture and heritage. They have destroyed your national monuments, and cultural artifacts. They rule by force, violence, and fear based on the advice of foreigners. They insist that their form of Islam is the one and only form, the true form, the divine form. They see themselves as religious experts, even though they are ignorant. They kill, commit injustice, keep you in poverty and claim it is in the name of God."

Flyer that should be dropped over the United States

~

"Do you enjoy being ruled by the Republican-Democratic Party? Are you proud to live a life of fear, insecurity and panic? Are you happy to see the place your family has owned for generations taken away by a bank? Do you want a regime that is turning the United States into a police state and giving Christianity a bad name? Are you proud to live under a government that harbors hundreds of terrorists in Miami? Are you proud to live in a nation ruled by extreme capitalists and religious conservatives?"

The capitalists have robbed your country of your equality and justice. They have destroyed your national parks and rivers and corrupted your media, your elections and your personal relations. They rule by threat of unemployment, hunger, and homelessness based on the advice of a god called the market. They insist that their form of organizing a society and remaking the world is the one and only form, the true form, the divine form. They see themselves as morality experts, even though they are ignorant. They bomb, invade, assassinate, torture, overthrow, commit injustice, keep you and the world in poverty and claim it is in the name of God."
